Treasurer's Report: \$2,424.94

Damage Report: There are always damages! That's why we keep doing what we do. There were 3 reported hits this month. Brownsville, a unmarked power line was hit. Locating INC missed marking the line. Sodaville had an Unmarkable water line hit, and Lebanon had a water line the was correctly mark that got hit. Not sure what the damages resulted in Brownsville and Sodaville, but Lebanon had to call out a crew to replace the service line. The hit also caused debris to flow into the home owner's line plugging it at the outside hose bib. A plumbing company had to be called in the crawl under the house and replace the hose bib and water line going to it.

Standards Report: No Standards this month.

State Council Report: The President's Meeting was at Eagle Crest on Aug.7th with the OUNC Meeting on the 8th. Joyce will probably report back at the Sept. Meeting. More to come next month.

P & E Report: Larry suggested that when new standards come to the manual company should put reminders like little stuffers in their bill mailings. We now have the 2 Ft. variance around all utilities marks. We should know more about the Oct/Nov. Breakfast next month.
